PROFESSIONAL SUMMARY

Dedicated IT professional ensuring seamless technology operations, robust network infrastructure, and top-tier support. I build and maintain reliable systems that empower businesses. With hands-on experience in hardware maintenance, software configuration, and system administration, I thrive on solving complex technical challenges. I am constantly expanding my knowledge in the fast-evolving tech landscape to deliver innovative and secure solutions.

CORE SKILLS

- **IT Support:** Helpdesk & on-site tech support
- **Hardware & Software:** PC repair, application management
- **Networking:** LAN/WAN, routers, switches, protocols
- **OS:** Windows Deployment & Configuration
- **Troubleshooting:** System & network issue resolution
- **Microsoft Office:** Office 365 administration
- **System Administration:** Servers, AD, backups
- **Cybersecurity:** Firewalls, antivirus, best practices

WORK EXPERIENCE

IT Officer

[Month, Year] – Present

[Company Name] | [Location]

FEATURED PROJECTS

Corporate Network Setup
Designed and deployed a secure local area network for a medium-sized office, including switches, routers, and firewalls.

Computer Maintenance Program
Developed a routine maintenance schedule that reduced hardware failures by 30% and extended workstation lifespans.

OS & System Migration
Successfully migrated over 50 workstations to the latest Windows OS with zero data loss and minimal downtime.

Helpdesk Implementation
Integrated a centralized IT ticketing system to streamline support requests and improve response times.
